Research Interests

I am a meteorologist and climate scientist focusing on the mechanisms of variability and changes in tropical and mid-latitude precipitation, and its impacts on global human wellbeing. My overall career goal is to provide a scientific basis and solutions to real-world problems in the context of climate change and extreme natural hazards through research, teaching, and outreaching in a multi-culture environment.

Education

City University of Hong Kong, Hong Kong SAR

Ph.D. Climate Science (Excellent, 4.0/4.3) 2019

Dissertation: *Understanding the Variability and Changes in West African Summer Monsoon Rainfall: Observational Analysis and Climate Model Simulations*

Federal University of Technology Akure, Nigeria

- M.Tech., Meteorology (Distinction, 4.6/5.0) 2015

Thesis: *A diagnostic evaluation of precipitation over West Africa in CORDEX models*

- B.Tech., Meteorology 2011

Thesis: *Analysis of climate variability over Nigeria*

Research experience

1. Postdoctoral Appointee Sep 2021 – now

Climate and Earth System Department, Environmental Science Division, Argonne National Laboratory.

2. Postdoctoral Research Associate Sep 2019 – Aug 2021
Department of Geography, University of Georgia, USA
Project: *Simulating extreme precipitation in the United States using Energy Exascale Earth System Model (E3SM): Investigating the importance of representing convective intensity versus dynamic structure*
3. Visiting Scientist Aug 2018 – Oct 2018
Geophysical Institute, University of Bergen, Norway
Project: *Understanding the dynamics of tropical precipitation*
4. Teaching Assistant 2013 – 2016
Federal University of Technology, Akure, Nigeria
I taught and assisted the following undergraduate courses:
 - Fall Semesters: Atmospheric Thermodynamics (MET 305), Fluid Dynamics (MET 307), Tropical Meteorology (MET 405), West African Meteorology (MET 503)
 - Spring Semesters: Dynamic Meteorology (MET 302), Mesoscale Meteorology (MET 504), Advanced Dynamic Meteorology and Numerical Weather Prediction (MET 508)
5. *Observer and Forecaster* (intern) April 2010 – Dec 2010
Nigeria Meteorological Agency (NIMET), Ilorin International Airport, Ilorin, Nigeria
Project: *Taking measurements from both analog and digital weather stations, providing weather forecasts for pilot every 30 minutes*

Teaching experience

1. Assistant Lecturer (*equivalent: Assistant Professor*) 2016 – now (on leave)
Federal University of Technology, Akure, Nigeria
First Semesters: *Tropical Meteorology (MET 405), Boundary Layer and*

Turbulence (MET 407), West African Meteorology (MET 503)

Second Semesters: *Dynamic Meteorology (MET 302), Advanced Dynamic Meteorology and Numerical Weather Prediction (MET 508)*

2. Teaching Assistant, City University of Hong Kong, Hong Kong SAR

Semester B: 2016–17; Semester C: 2016–17: *Climate Change and Extreme Weather*

Semester A: 2017–18: *Climate Change: Science, Adaptation and Mitigation*

Awards

1. *Postgraduates Studentship Award* Sep 2016 – Aug 2019
 - Awarding body: City University of Hong Kong.
2. *Chow Yei Ching School of Graduate Studies Scholarships* 2018
 - Awarding body: City University of Hong Kong.
3. *Outstanding Academic Performance Award (twice)* 2017 & 2018
 - Awarding body: City University of Hong Kong.
4. *Research Tuition Scholarship* Sep 2017 – Aug 2018
 - Awarding body: City University of Hong Kong.
5. *Excellence Award*
 - Awarding body: National Youth Service Corp (NYSC) 2012
6. *Academic Merit Award* 2008
 - Awarding body: Senator Isiaka Adeleke

Workshop attended

1. International Workshop on the Asian Monsoon in a Warmer World. 20 - 23 August, 2017, China
2. Targeted Training Activity (TTA) 2017: Monsoon in a changing climate at The Abdus Salam International Centre for Theoretical Physics, Trieste, Italy (31 July – 4 August, 2017)
3. 4th International Conference on Climate Change (ICCC2017@HK) held on the 21st-22nd April 2017 at Chiang Chen Studio Theatre, Hong Kong Polytechnic University, Hong Kong
4. Workshop on Computational Science Infrastructure and Applications for Academic

Development undertaken at The Abdus Salam International Centre for Theoretical Physics, Trieste, Italy (28th September – 9th October)

5. High Performance Computing for Climate Modeling, undertaken at WASCAL, Federal University of Technology Akure, Nigeria (29th June – 2nd July, 2015)
6. UNDP-FMENV-FUTA Climate Change Workshop, undertaken at WASCAL, Federal University of Technology Akure, Nigeria (30th June – 4th July, 2014)

Services

To the Department of Meteorology and Climate Science, FUTA

- Member of Accreditation planning committee (2014)

As Anonymous Reviewer for various journals

Npj Climate and Atmospheric Science, International Journal of Climatology, Journal of Geophysical Research-Atmospheres, Geophysical Research Letters, Environmental Research Letters, Climate Dynamics, Climatic Change, Theoretical and Applied Climatology, Atmospheric Research Letters, Advances in Atmospheric Sciences, Spatial Information Research, Meteorological Applications, Science of the Total Environment.

Professional activities

- Invited Editorial Board Member, Scientific Data (*Nature*): handled “A dataset of the 2016 southern West Africa monsoon season meteorology - an overview from the DACCWA campaign”.
- Editor (Special Issue), Atmosphere (ISSN 2073-4433): “Historical and Future Changes in Tropical Precipitation over Africa”

Other services

- Contributing Author: CLIVAR, Tropical Atlantic Observing System Review

Chapter 9: “Long-term climate change and impacts”

Community services

- Corp liaison officer, National Youth Service Corp (NYSC) 2011 – 2012

Led and coordinated over 5,000 graduates during their service to Nation (Nigeria)

- President, National Emergency Management Agency: Emergency Vanguard
2011-2012

Led and coordinated over 300 fresh graduates during their service to Nation (Nigeria)

I organized environmental-based sensitization and awareness programs for primary school kids in Nigeria

- Chairman Research Committee, Association of Nigerian Scholars in Hong Kong 2019

Led and organized seminars and workshops for members of the association.

Membership of professional bodies:

American Meteorological Society (AMS), Asia Oceania Geoscience Society (AOGS),
Nigeria Meteorological Society (NMetS)
